Transform the atmosphere with Spottune

Spottune's patented **OmniExperience™ technology** delivers 360-degree sound with full-frequency clarity, ensuring a **consistent audio experience throughout the entire space.**

The **award-winning design** enhances both functionality and aesthetics, providing balanced and immersive sound that elevates the atmosphere for everyone in the room.

OMNI TRACK

Transform your space in minutes with Spottune's track mounted Omni speaker.

AVAILABLE
COLORS

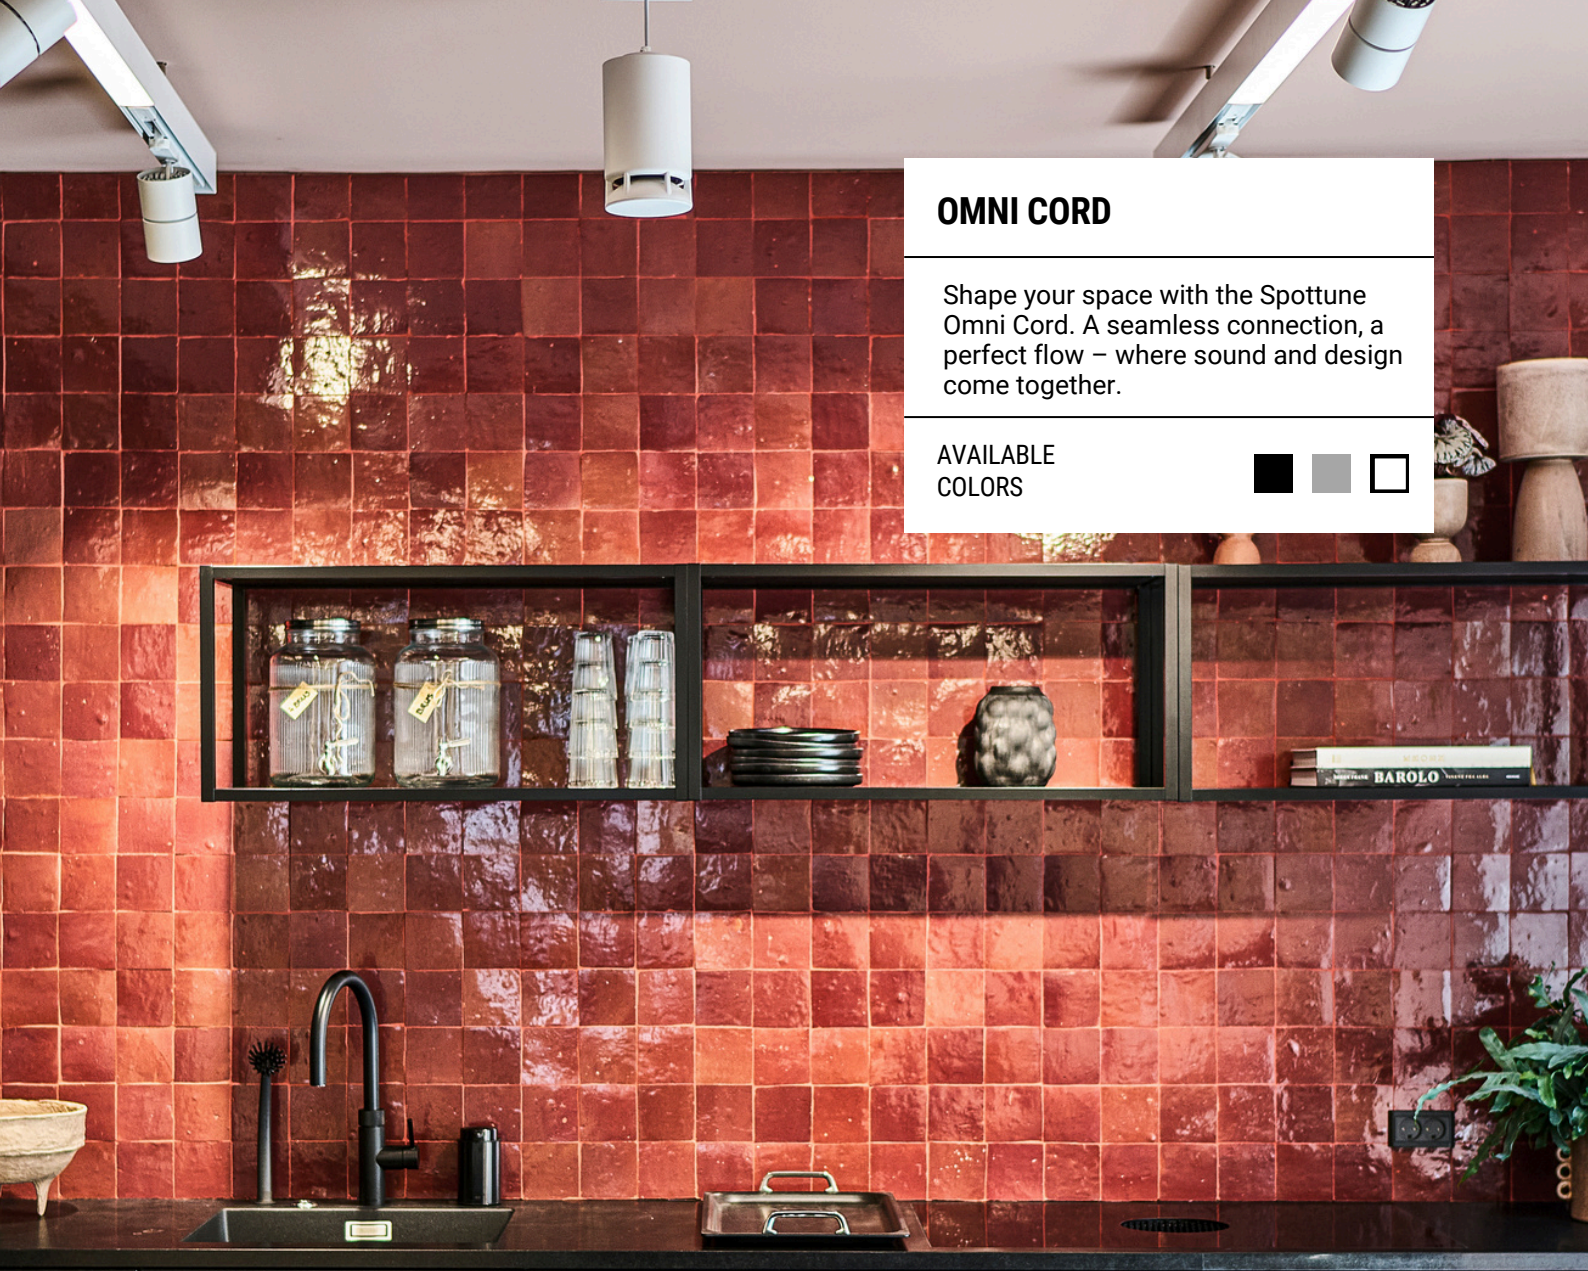

PLUG & PLAY

The Spottune Omni Track combines exceptional 360-degree sound with **unmatched ease of installation.**

Designed to **integrate seamlessly into standard 3-phase lighting tracks**, it takes just seconds to install —no complex wiring, tools, or professional assistance required.

Simply click the speaker into place, lock it, and it's ready to deliver clear, consistent audio that transforms the space into a cohesive, inviting experience.

This simplicity saves time and **reduces installation costs**, making it an ideal solution for businesses looking to upgrade their audio effortlessly.

OMNI CORD

Shape your space with the Spottune Omni Cord. A seamless connection, a perfect flow – where sound and design come together.

AVAILABLE
COLORS

CREATE A VIBE

The Spottune Omni Cord combines sleek design with powerful 360-degree sound, offering a flexible solution **for spaces without lighting tracks.**

Its minimalist aesthetic blends into any environment, whether suspended elegantly from ceilings or positioned strategically to enhance the atmosphere.

Just like the Omni Track, the Omni Cord delivers clear, consistent audio that transforms the space into a cohesive, inviting experience.

The cord option of the Omni allows you to create the perfect vibe with minimal effort—wherever it's needed.

A white, rectangular subwoofer with rounded edges and a small 'SPOTTUNE' logo on the front. It is sitting on a dark wooden floor. In the background, there is a wooden chair with vertical slats.

SUBWOOFER

Amplify your audio with the Spottune Subwoofer's deep powerful bass.

AVAILABLE
COLORS

NEED EXTRA BASS?

The Spottune Omni speaker is more than capable of delivering balanced, full-range audio by itself.

But if you need to elevate the energy, whether for an event, a busy retail day, or a nightclub transformation, the Spottune Subwoofer provides the **power and depth** to make it happen.

The Subwoofer offers **flexible installation options** to suit different spaces and needs. It can be used freestanding or mounted on the wall using the supplied brackets.

These mounting options ensure a **perfect integration** into your environment while delivering impactful bass.

STREAM

The heart of the system, our audio transmitter with a built-in music player.

AVAILABLE
COLORS

ALL IN ONE

The Spottune Stream is **the heart of the system**, combining functionality and design.

With **cloud-based control**, you can manage single or multiple locations from anywhere.

The stream features a **built-in music player** that supports **two individual zones** playing from various inputs, e.g., AUX, network, USB, and microphone, enabling seamless online streaming, announcements, and custom playlists.

OMNI COVER

Change the appearance of the Omni speaker by adding a cover to it.

AVAILABLE
COLORS

CHANGE THE LOOK

The Omni Cover comes in black and grey, offering a simple way to change the speaker's appearance.

They easily slide over the speaker for a quick and smooth upgrade.

Whether it's a modern retail space or a cozy café, the covers are designed to compliment both the speaker and your interior design.

The Omni Cover can be used on the Omni Track, Omni Cord and in combination with the recessed kit.

RECESSED KIT

The recessed kit allows you to install the Omni speaker in lowered ceilings.

AVAILABLE
COLORS

VOLUME CONTROL

Control your system wirelessly. Mount the remote on a wall or use it on a desk for flexible access.
